I Stream, You Stream, We All Wanna Stream Santel TV

Santel Smart Stream combines everything you love about Santel TV with all the things you love most about streaming services.

There will be no more unsightly settop boxes and cords to deal with and less opportunity for troubles to occur. You can watch your Santel TV service on any of your devices capable of downloading the Santel Smart Stream App including Amazon Firestick/Fire TV, Apple TV, iPad, iPhone, Android, Roku Stick or TV.

You can watch your favorite programs whenever and wherever you choose. You can still watch live and local programming so you won't miss a ballgame or the weather. The included channels are virtually the same as

our traditional television.

Your account can have up to 20 devices registered with multiple streams in use at the same time.

You'll never have to change inputs again...all of your streaming apps will be available on your preferred streaming device.

In May, convert to Santel Smart Stream and we will provide 1 free 4K Amazon Fire Stick Max!
