Santel SmartStream – It's the smart choice

SWITCH TO SMART STREAM

GET ENTERED TO WIN THIS TV!

Santel Smart Stream means no more set top box, so you don't need our equipment or our installation. Nearly all of your smart devices like newer TVs, cell phones, and tablets will be capable of receiving Santel Smart Stream using our app. Apple TV, Amazon Fire TV, iPads, and Android devices are just a few examples.

You'll still be able to watch live and local programming, so you won't miss games or the weather. Your channels are virtually the same as our traditional television. When you sign up for SmartStream, Santel will give you a free Roku stick or Firestick and come onsite to help you set it all up!

Upgrade to streaming by the end of May and you'll be entered into a drawing for a FREE Roku TV.

If you are already using Santel TV, you must turn in all of your Santel Settop boxes to enter to win.

FanDuel Sports Network

All indications are that FanDuel Sports Network may be shut down at the conclusion of the first round of NBA/NHL playoffs, whatever date that happens to be. Both FanDuel and FanDuel Extra (Santel Channels 26 & 159) will be removed from your lineup when there is no longer content airing on the network. We will continue to monitor where Minnesota Wild and Timberwolves games will air next year and if they will be made available to carry on our lineup. We will advise customers as we learn more.

Your Billing Name and Address

The FCC requires Santel, under certain circumstances, to release the Billing Name and Address (BNA) of our telephone customers to other telecommunications providers. The main reason for releasing BNA information is to ensure proper billing for certain types of calls such as collect, third-number billed, or calling card calls. Those calls may be carried by a company who is not your chosen carrier. Under those circumstances, the carrier does not know where to bill the call, and therefore, they must request the BNA from our company.

We must provide the information to the requesting carrier.

BNA can also be released to telecommunications providers for other reasons, such as verification for pre-subscription, servicing your account, to prevent fraud, or when you move from one location to another. If you have an unlisted or non-published telephone number, you do have options. If you do not want your BNA released by our company for third-party billed calls, collect calls and calling card calls, we need affirmative notification from you within 30 days. If you provide us with such notification, please know that your ability to make calling card calls or to receive collect calls or third-number billed calls may be denied. If you have any questions regarding BNA, please call our office at 605-796-4411.
